Forward Looking Statements:

Some of the statements contained herein may be forward-looking statements which involve known and unknown risks and uncertainties. Without limitation, statements regarding potential mineralization, resources and expansion of resources, recoveries, exploration results, and future plans and objectives of the Company are forward looking statements that involve various degrees of risk. The following are important factors that could cause the Company’s actual results to differ materially from those expressed or implied by such forward looking statements: changes in the world price of mineral commodities, general market conditions, risks inherent in mineral exploration, risks associated with mine permitting, metallurgy, development, construction and mining operations, the uncertainty of the determination of mineable ounces of gold and copper in pounds or other minerals in pounds, or the future profitability of the Company’s projects. We seek safe harbour.
